Dear Parents,

**Summer Sports Year 3-6 2015**

This year our students in Years 3-6 will continue to take part in the PSSA Sports competition which is held on Friday mornings and involves competition against other primary schools. This year we will be entering teams in cricket for boys and touch football for girls.

This Friday 6 February all students will have the chance to trial for these teams or just have fun learning a new sport at school, with all sessions run by qualified sports coaches.

If students qualify for a squad they will be required to attend compulsory training on Thursday afternoons from 3:40 – 5pm. Training sessions are encouraged for all team members and are open to any students who wish to attend.

From the squad only a certain number of students will travel to play games each Friday. This will change from week to week and students’ names will be placed on the sports notice board and school website on Thursday afternoons. The weekly playing team is chosen based on numerous factors including attendance at training, sportsmanship, punctuality, teamwork, improvement and a general positive demeanor towards team mates and coaches.

For students who are not playing in teams on Friday mornings they will take part in a new sports program developing skills and playing games of touch football, T-ball, cricket and soccer run by qualified coaches on the school playing fields. This will all take place during our normal sport time 9-11am Friday on the school playing fields.

All equipment is supplied by the school however if students have their own they are welcome to bring it along.

In case of bad weather the trials will take place on Friday 12 February.

Yours sincerely,

Mr Tim Fischer  
Sport Coordinator

Mrs Jodie Hoeing  
Head of Junior School
