

## Masada College Transport Options

People come from all over Sydney to attend Masada College. It is our aim to make transport as easy to understand as possible.

Masada has a private bus that travels from Lave Cove, making various stops along the way to St Ives. This bus is not subsidised and there is a cost associated with using it. If you live in this area, please contact our office and we can inform you of the costs involved. Please refer below for the specific bus stops.

There are other services run by Shorelink and Forest Line, private bus companies that operate buses all day. These buses are free for eligible students, depending on your locality in relation to the College. Transport for NSW Application forms are held at Reception. Timetables can be found on our Masada College website or by directly contacting the bus companies.

We are also more than happy to talk to you and see if there are other families you can contact in your area to determine if other children wish to travel together or parents wish to establish a lift scheme.
