Business activity is a feature of everyone’s life. As consumers and producers, employees, employers or self-employed, savers and investors, and as importers and exporters, people throughout the world engage in a web of business activities to design, produce, market, deliver and support a range of goods and services.

Our Results and Tertiary Study

Students who have difficulty with Business Studies are provided with excellent support. All Masada students in Year 11 and 12 have a tutorial lesson where they can make an appointment with their teachers to discuss progress. In the holiday periods students are also able to email their work to receive feedback.

Many of our students at Masada combine their Business Studies with other supporting subjects such as Economics and Accounting and then continue their tertiary studies in these areas.
