Creating the Next Generation of Generosity
Connecting People, Bridging Communities

Matching kids, families, schools and corporations with volunteering opportunities...

WHY VOLUNTEER?

“It can do things you cannot, you can do things I cannot; together we can do great things.”

Mother Teresa

Volunteering immerses our children in real life, helping others and interacting with people from all walks of life.

In volunteering, our children discover their own strengths and qualities and use these to help others.

The lessons and skills kids learn through hands-on involvement are ones they carry with them throughout life.

Volunteering feels good, and lets kids know that they can make a difference.

Why WE STARTED KIDS GIVING BACK?

Carole Schlessinger and Ruth Tofler-Riesel are co-founders of KIDS GIVING BACK. Volunteering with our own children came out of our belief that one is never too young to help others less privileged.

Kids Giving Back provides opportunities for kids, their families and friends to embrace real life experiences through the richness of giving back to community and making a difference.

WHAT DOES KGB DO?

KIDS GIVING BACK (KGB) is a non-profit organisation offering local, national and international volunteer experiences that enable children to experience the richness of giving back to others. Our programs are for:

- Families with children age 6-18 years
- Schools/service programs
- Youth and sporting organisations
- Corporate Social Responsibility (CSR) programs
- Non-Profit organisations that embrace children and family volunteers
